# Detox deadline

AFTER a summer of indulgence, there's no better way to kickstart your healthy 2008 than with the revolutionary Lemon Detox diet, made famous by celebrity advocates such as Beyonce Knowles, Angelina Jolie and Australia's Tania Zaetta.

Lemon Detox Australia has taken the innovative diet remedy and subjected it to rigorous scrutiny following conjecture about the success of the regime

After being approached by Endree Saade, managing director of Lemon Detox Australia, to trial the system cleansing program and provide an honest appraisal of their experience, Sydney naturopath and pharmacist, Sarah McLean, said her original scepticism of detox diets was washed away after the Australian Lemon Detox experience.

Tania Zaetta

"After the first two days I felt energised, clear headed and more balanced than I had felt in a long time. The four kilos lost in seven days has stayed off, with many people commenting how 'well' or 'healthy' I was looking. I am looking forward to using this program with my patients," she said.

Thanks to Lemon Detox Australia, The Blacktown City Guardian has two prize packs to giveaway. Valued at \$87 each, they contain the Lemon Detox Palm Tree Syrup, cleanse booklet, cayenne pepper, sea salt and tea – all you need to get started is a few fresh lemons. Simply write your name, address and contact phone number on the back of an envelope and send to The Blacktown City Guardian Lemon Detox Giveaway, PO Box 6219 Blacktown, NSW 2148. Entries close Friday, February 1. Winners will be notified by phone.
