TV Show host and Bollywood actress Tania Zaetta has become the Australian ambassador for the cleansing and weight loss treatment Lemon Detox.

Currently hosting prime time UK show *Mission Implausible*, she has returned home to the Gold Coast after various working on projects worldwide.

Tania has been a passionate advocate of the Lemon Detox program since she was introduced to it by TV presenter girlfriends a couple of years ago while living and working in the UK.

Looking for a detox method to cleanse her body of toxins, Tania says she now incorporates a version of the Lemon Detox into her everyday life while maintaining a healthy diet.

“I carry a squeeze bottle of the Fresh Lemon and Madal Bal Natural Tree Syrup drink with me just about everywhere I go,” she says.

“It’s the same in India where, as a foreigner, I can’t really eat the food a lot of the time.”
